

## My God Makes A Way Where There Is No Way

(August 11, 2013)

Jesus said in John 14:6, "**I am the Way the Truth and the Life, no man cometh to the Father but by me.**"

For many people, that sounded like a statement of great pride, especially to the Jews who looked at Jesus as a prophet, not as the Messiah under the Abrahamic Covenant.

Nevertheless, it was, and still is, a statement of absolute truth, from the heart of the Father, through the lips of Jesus.

If we want to please (Hebrews 11:6) God and live by Faith (Hebrews 10:38), we will encounter situations where it looks like there is no natural solution to the problem or challenge that we are facing, this we know from studying the Scriptures.

It could be a domestic, health, financial issue, or any other issue that we, as humans, encounter in our lives.

The message that the Lord is telling me to proclaim is this:

*Seek Him and His will, and **He will make a way where there is no way.***

I have seen it over and over in my own life. We can also see it in the Word, and it is true!

I am grateful to God that I have a personal testimony of His Faithfulness and Greatness in my on life. My Father, Nils Wågsjö, inspired me greatly when I was a child and heard stories of miracles from his life, miracles of supernatural healings and provision.

He told me about men of God like Smith Wigglesworth, and how my grandmother was totally healed from rheumatism, under Wigglesworth's ministry. He also told me about how God provided for him and grandma, **when there was no other way,** through the ministry of angels.

My own experiences of miracles are too many to tell but let me just share one that falls into the more unusual category. We were having a city-wide campaign in the city of San Pedro Sula, Honduras, with over 230 churches. I was the Evangelist and was being driven to the location of the first night's meeting by my coordinator. Suddenly we hit some kind of object in the road and had a blow out on the right back tire. That would normally not have been a big deal, except we were on a very busy and narrow dirt road in San Pedro Sula with no light whatsoever. To top it off, when we opened the trunk to retrieve the spare, there was no jack to be found.

What does one do in a situation like that?

We were already running late. Thousands of people were waiting at the football stadium for us. Some walked for days in order to come and receive a touch from God, and we have no jack to change the tire, no cell phone to call for help, **but the Lord has a way where there is no way.**

We prayed and asked the Lord for help on what to do. Suddenly I received a divine assurance of the presence of angelic reinforcements. I was not able to see them with my natural eyes but I could see them with my spiritual eyes. I remembered that the Lord tells us in the Word that **He would give His angels charge over us to keep us in all our ways of obedience (in order to make a way where there was no way).** (Psalm 91:11)

The Spirit of God instructed me to take hold of the right back fender with my back towards the car, and lift. When I did so, I could feel the anointing of God touch my body, and I was actually able to lift the back of the vehicle, while my friend changed the tire.

This occurrence has no human natural explanation other than that the Angel of the Lord lifted the car as I obeyed his voice. Hearing from the Lord and acting in faith on His instructions will release a miracle in your life as well, **and the Lord will make a way where there is no other way, every time!**

**To Him I give all the Glory, because He is still the same yesterday, today, and forever. Amen!**

-Roger Wågsjö
